

Datasheet – Trailer Crane 30/1400

Technical Data

Dead weight	3500 kg
Dimensions (HxWxL)	2600 x 2200 x 9000 mm
Max. extension	30,000 mm
Boom length	4800 to 9100 mm
Working height	22,000 mm – up to Boom
Payload	1400 kg
Drive	Honda Gasoline engine 24 HP
Accessories	Radio remote control, 4 hydraulic outriggers

Boom

Angle	adjustable to 135° / 150° / 165°, mechanical
Pivoting range	310°
Angle of elevation	85°

Features

The smart CPC control is the heart of any aluminum crane. It constantly monitors the position of all outriggers, as well as the attached load and calculates from this the respective maximum possible pivoting range. Combined with the highly sensitive radio control, loads can be lifted and set down accurately and quickly.
